Hi Olga,

I am having a great holiday this year. I am with my parents in Spain. It is really amazing.

When we landed yesterday, it was HOT and SUNNY, about 35 degrees. Not like in Poland, where it was RAINY all the time and wet with puddles everywhere. I had to take off my SWEATSHIRT because I was too hot even in my T-shirt.

First, we took a TAXI to our HOTEL, we unpacked our SUITCASES and we took quick showers. It was COOL in our apartment because the air-conditioning was on. Then we had a quick lunch at the RESTAURANT and next we went sightseeing in the city.

I was really impressed with the BRIDGE that went over the river. It was made of brick and had two TOWERS on both sides of the river, we went over it to visit the CATHEDRAL. It looked really huge from the outside but inside I felt really small. There were religious paintings and sculptures, all of them beautiful. In front of the building there was a very tall COLUMN with a STATUE on top. It was of the king that built the CASTLE we went to visit next. The weather became a bit WINDY so it was a bit better to continue our walk. A soft breeze blew here and there.

We got tired so mum suggested having a quick snack on the grass in the PARK. There was a small pond and we sat there enjoying the view MUSEUM we were going to visit next. In there I saw an exhibition of medieval armour and weapons. I am a fan of bows, spears and shields, so you can imagine how I liked all the exhibits.

Unfortunately, my little sister was with us and we had to go to the ZOO to see all those animals. To my surprise I liked what I saw. Somebody had idea to put two PYRAMIDS where the camels lived to imitate Egypt and a small oasis with a palm tree and a spring coming out of a rock. It looked fantastic.

In the evening we were very tired so we decided to sit on our balcony and enjoy the view of the city but suddenly it got a bit FOGGY and we couldn't see much of the sights.

Today we have lots of other buildings to see, so I let you know tomorrow.
