I am feeling sad.	Don't talk so much.	I am a kind and caring person.	It's raining really hard.	I believe it's a good thing that seemed bad at first
I am sleeping	I heard a gossip about it.	I am paying close attention to what you're saying.	I heard it directly from the person involved.	I don't listen to what someone is saying.
I am feeling nervous.	Don't give up	Things are going well so far	I am very busy.	Let's not talk about that problem right now
I sit on the sofa and Watch too much TV.	Don't tell the secret or surprise.	I tried to do more than I could.	I have no idea	I am very happy.
I am daydreaming or not paying attention.	Better to arrive late than not to come at all	I am bragging about myself.	I'll trust what you says	I am in trouble.
